Welcome to Lytle EAP Partners. An EAP (Employee Assistance Program) is a confidential resource designed to help individuals resolve problems and address concerns through professional counseling, consultation, assessment and referral, when necessary, to community resources.

**Who pays for the service?** The services provided to you by Lytle EAP Partners are free of charge to you but pre-paid by your employer. If you need a referral to a specialized service, those services will not be covered by your EAP benefit, but your EAP counselor will assist you in identifying services that take into consideration your health care benefit coverage and your ability to pay.

**Attendance of EAP Sessions:** Attending scheduled EAP appointment is important. Every effort will be made to offer you appointment times that are convenient. If you are unable to attend a schedule session, we appreciate at least a 24 hours notice so that we may offer that time to others seeking assistance from the EAP.

**Confidentiality:** Lytle EAP Partners will maintain strict confidentiality regarding your sessions. Lytle EAP Partners records are kept separate from your employer’s and are accessible only to authorized Lytle EAP Partners staff. Information you share in the EAP will not be released outside the EAP without your written permission. The ONLY exceptions are when the information is required by law, such as in cases of child abuse, threat of harm to self or others, or by court order. Another exception could be when there is a threat to property.

Notice of Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW EAP INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Program Eligibility and Costs

Lytle EAP Partners offers assessment, referral, and short term counseling services. Services provided within the Assistance Program (AP) system are offered at no cost to you. Your organization has already paid for these services. If longer term counseling, community support services, specialized services or treatment is needed, referrals to services or providers outside of Lytle EAP Partners may be recommended to help you resolve problems. Those services may be offered at no cost (i.e., self-help groups) or covered under a medical benefit plan offered by an organization or insurer. However, it is your responsibility to determine whether or not services are covered under any such plan. Charges for any services provided by any outside community resource are your responsibility.

II. Uses and Disclosures for Treatment, and Health Care Operations

Lytle EAP Partners may use or disclose your protected health information (PHI), for treatment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- **“PHI”** refers to information in your health record that could identify you.
- **“Treatment, Payment and Health Care Operations”**
  - *Treatment* is when Lytle EAP Partners provides, coordinates or manages your health care and other services related to your health care. An example of treatment would be when Lytle EAP Partners consults with another health care provider, such as your family physician, Drug/Alcohol treatment facility, or another therapist.
  - *Health Care Operations* are activities that relate to the performance and operation of our practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.

- **“Use”** applies only to activities within our office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.

- **“Disclosure”** applies to activities outside of our office, such as releasing, transferring, or providing access to information about you to other parties.

III. Uses and Disclosures Requiring Authorization

We may use or disclose PHI for purposes outside of treatment, and health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when we are asked for information for purposes outside of treatment, and health care operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your EAP notes. “EAP notes” are notes we have made about our conversation during a private, group, joint, or family counseling session, which we have kept separate from the rest of your EAP record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or EAP notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) we have relied on that authorization; or (2) if the
authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

IV. Uses and Disclosures with Neither Consent nor Authorization

Lytle EAP Partners may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If Lytle EAP Partners has reasonable cause, on the basis of our professional judgment, to suspect abuse of children with whom we come into contact in our professional capacity, we are required by law to report this to your State’s Department of Public Welfare.

- **Adult and Domestic Abuse:** If we have reasonable cause to believe that an older adult is in need of protective services (regarding abuse, neglect, exploitation or abandonment), we may report such to the local agency which provides protective services.

- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made about the professional services we provided you or the records thereof, such information is privileged under state law, and we will not release the information without your written consent, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. You will be informed in advance if this is the case.

- **Serious Threat to Health or Safety:** If you express a serious threat, or intent to kill or seriously injure an identified or readily identifiable person or group of people, and I determine that you are likely to carry out the threat, we must take reasonable measures to prevent harm. Reasonable measures may include directly advising the potential victim of the threat or intent.

V. Client’s Rights and EAP Duties

Client’s Rights:

- **Right to Request Restrictions** – You have the right to request restrictions on certain uses and disclosures of protected health information about you. However, we are not required to agree to a restriction you request.

- **Right to Receive Confidential Communications by Alternative Means and at Alternative Locations** – You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are being seen in the EAP. Upon your request, we will contact you at another phone number or address.

- **Right to Inspect and Copy** – You have the right to inspect or obtain a copy (or both) of PHI in my mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. We may deny your access to PHI under certain circumstances, but in some cases, you may have this decision reviewed. On your request, we will discuss with you the details of the request and denial process.

- **Right to Amend** – You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. We may deny your request. On your request, we will discuss with you the details of the amendment process.

- **Right to an Accounting** – You generally have the right to receive an accounting of disclosures of PHI for which you have neither provided consent nor authorization (as described in Section IV of this Notice). On your request, we will discuss with you the details of the accounting process.
• **Right to a Paper Copy** – You have the right to obtain a paper copy of the notice from Lytle EAP Partners upon request, even if you have agreed to receive the notice electronically.

**Lytle EAP Partners Duties:**

• We are required by law to maintain the privacy of PHI and to provide you with a notice of our legal duties and privacy practices with respect to PHI.
• We reserve the right to change the privacy policies and practices described in this notice. Unless we notify you of such changes, however, we are required to abide by the terms currently in effect.
• If we revise our policies and procedures, we will provide notice by mail to you.

**VI. Complaints**

If you are concerned that we have violated your privacy rights, or you disagree with a decision we made about access to your records, you may contact Lynn Carrick, EAP Supervisor at 412-357-9547.

You may also send a written complaint to the Secretary of the U.S. Department of Health and Human Services. The person listed above can provide you with the appropriate address upon request.

**VII. Precertification/Managed Care**

If the Assistance Program is performing precertification functions, this precertification is for clinical appropriateness only, and does not guarantee that insurance providers will reimburse clients for recommended treatment or therapy. Therefore, it is the ultimate responsibility of the client to assure that the recommended treatment will be reimbursed by the benefit provider (i.e., cases involving pre-existing conditions, exempted conditions, etc.).

If you have any additional questions or comments about your experience, feel free to ask any staff member, or call our 24-hour, toll free line.

**VIII. Effective Date, Restrictions and Changes to Privacy Policy**

This notice will go into effect on April 14, 2003.

We reserve the right to change the terms of this notice and to make the new notice provisions effective for all PHI that we maintain. We will provide you with a revised notice by mail.

Lytle EAP Partners’ Statement
On Self-Referral / Waiver of Referral

This statement is to clarify Lytle EAP Partners’ Self-Referral policy and Waiver of Referral policy.

**Item 1:** When a client has been referred for assessment and referral and/or short term counseling to an EAP/MAP Affiliate Provider, we expect that the Affiliate Provider will see the client for EAP/MAP covered services only. In the event that our clients require long-term counseling, mental health treatment, or intensive therapy, we expect the Affiliate Provider to refer out to other professionals or services covered by the client’s health insurance or to services available in the community.

**Item 2:** EAP/MAP Affiliate Providers are permitted to self-referral under the following circumstances:

A. No other provider or resource is available in the area and/or.
B. Treatment considerations are such that to refer out would jeopardize the client’s progress or well-being.

**Item 3:** If the Affiliate Provider believes a self referral is warranted and is able to meet one of the two conditions noted above, the Affiliate Provider needs to:

A. Contact Lytle EAP Partners and request authorization for self-referral.
B. Present the client with three (3) provider referrals (unless there are no available providers). The Affiliate Provider may offer his/her name as one of the three. Those referred must be documented on the Waiver of Referral Form.
C. Have the client review and sign the attached Waiver Referral Form.
D. Send the signed Waiver Referral Form to Lytle EAP Partners along with all other paperwork, (assessments, releases, etc.) and final billing invoicing for EAP/MAP services.

If you have any questions, please feel free to contact Lytle EAP Partners at (412) 921-7000 or 1-800-327-7488.
Lytle EAP Partners
EAP/MAP Waiver of Referral Form

I, ______________________________(print client name), am requesting to continue counseling beyond my EAP/MAP Benefits with _______________________(print provider name), a Lytle Affiliate Provider.

At this time, I have either completed the sessions allotted to me under the EAP/MAP benefit or am in need of services beyond the scope of this benefit. My affiliate and I agree that I am in need of further services.

I understand that EAP/MAP clients are usually referred to another provider for continued services. The names of three (3) potential providers were offered to me:

I understand that by signing this waiver, I am declaring that I wish to continue with my current Affiliate and am hereby waiving my right to be referred elsewhere for services. I understand that I am releasing the EAP/MAP and Lytle EAP Partners from providing any further services.

I further understand that I am personally responsible for payment of additional services and that I may pursue partial reimbursement through my health insurance benefit plan.
